

Achieving genuine sustainability requires consistently taking numerous small steps over an extended period to generate tangible and meaningful impact.

Why ESG Disclose & Greenly

ESG Disclose is not just another software provider; it is an ecosystem of ESG solutions designed to support clients of all sizes in navigating and benefiting from their ESG operations. We understand that managing ESG performance poses significant challenges for both investors and corporations.

Greenly makes carbon accounting simple. The software that enables businesses to measure, reduce and offset their emissions seamlessly. Greenly's technology automates data collection & carbon analytics through integrations with over 100 enterprise softwares, including accounting, travel, cloud data, electricity vendors, and more.

1,500 clients, from SMBs to Enterprises, w/ flagships across all verticals

Scope 2 Strat NetZ

EMPLOYEE ENGAGEMENT

Training Challenges
Communication etc

I GHG Protocol Compliant Methodology

Analysing emissions, automating tracking

SCOPE 1

DIRECT EMISSIONS

Includes GHG emissions from sources under the organization's control, including the manufacture of a product.

SCOPE 2

INDIRECT EMISSIONS

RELATED TO ENERGY CONSUMPTION

Includes emissions associated with the production of electricity, heat or steam imported for the organization's activities.

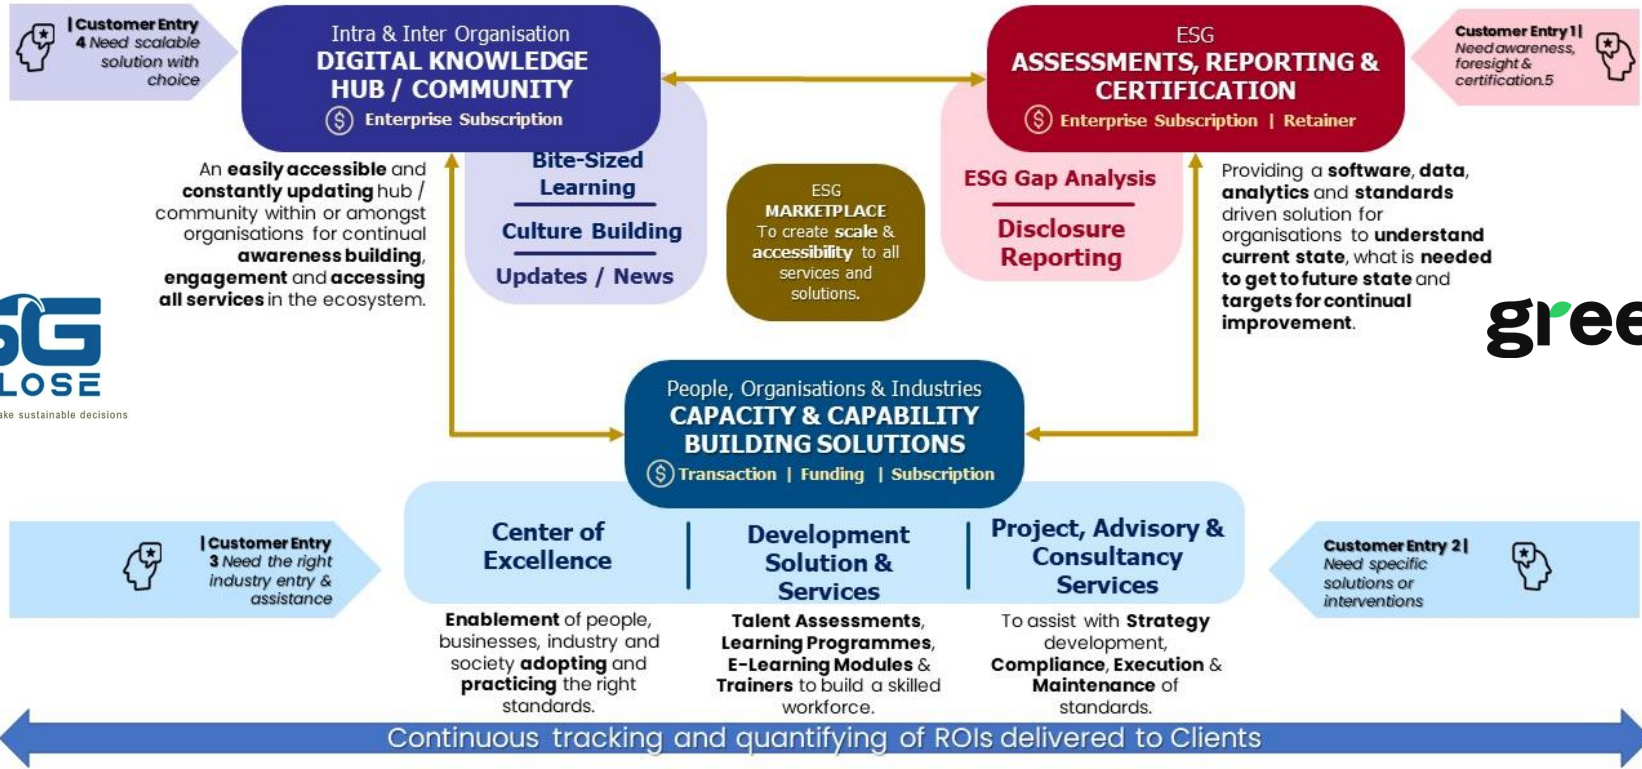

SCOPE 3

OTHER INDIRECT EMISSIONS

Includes all other emissions not accounted for in scope 1 and 2, but linked to the entire value chain, for example: the purchase of raw materials, services, employee travel, transport, waste, use and end of life of products, capital assets, etc.

Additional Product and Service Offerings

ESG Disclose provides an ecosystem of ESG solutions designed to support clients of all sizes in navigating and benefiting from their ESG operations. Through extensive client engagement and identification of their needs, we have developed additional offerings: ESG Training and Support solutions. These solutions provide a holistic suite of ESG services that extend beyond software, supporting organisations of all sizes, regardless of their current understanding and implementation of ESG practices.

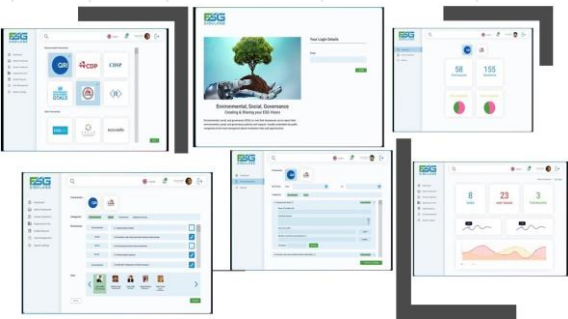

Enabling our clients to make sustainable decisions

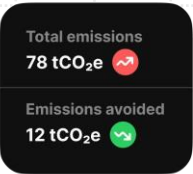

ESG Disclose in partnership with Greenly | Certified B Corp the go-to carbon management for businesses, delivers GHG Protocol Compliant Emissions Disclosure Report on Scopes 1, 2 & 3, and helps companies measure and reduce their emissions.
